Lagos State, Nigeria.

## PROFESSIONAL SUMMARY

---

Frontend developer with reputable experience in product realization, looking forward to providing high-impact web solutions for diverse industry organizations. Skilled in designing, developing, and testing multiple web-based applications incorporating a range of technologies with over years of working experience as a customer services professional and small business management. I am looking for mentorship and job opportunity **in a reputable organization to expand my learnings, knowledge, and skills**. Aspiring to combine broad background with strong technical skills to excel as a Front-End Developer. Secure a responsible career opportunity to fully harness my skills, while making a significant contribution to the success of the company as well as solving problems.
